FIRESPACE by Zinnober

DISTRICT Mitte I LOCATIONRENT on request

THE LOCATION

The Firespace in the Edison-Höfe combines industrial charm with modern event culture. Located in the creative heart of Berlin, this stylishly designed venue offers the ideal setting for exclusive events: after-work events, anniversaries, company celebrations or private parties.

A place with history: Germany's first light bulb was once manufactured in the historic Edison-Höfe – a technical heritage that still gives the location a special aura today.

The open-plan main room with its six-metre-high vaulted ceiling, clean lines and plenty of natural light is complemented by high-quality interiors – the perfect stage for extraordinary events.

Flexible lounge and workshop areas as well as an integrated bar allow for versatile usage concepts – whether relaxed or representative. Technology, equipment and atmosphere ensure the right flow.

All rooms are barrier-free. Thanks to its central location and optimal connections, Firespace is easily accessible – even for guests from outside the city.
